AN EVENT OF

Comité Interprofessionnel des  
Fournisseurs du Laboratoire

# Forum LABO & BIOTECH

## New in 2013

- An expanded presence of European biotechnologies
- A stronger international presence
- New format for the "Forums Experts"
- Hosting of the SEP Congress, over 300 experts in separation techniques
- Learned Society Village

**Forum LABO & BIOTECH**, an event of **CIFL** (French interprofessional committee of laboratory suppliers), is THE exhibition for laboratory professionals. If your company is active in this sector and you are not yet a member of CIFL, please know that CIFL members benefit from special conditions as well as many other services for their participation in Forum LABO & BIOTECH.

For further information: [www.cifl.com](http://www.cifl.com)

## A Great Showcase for your Profession:

- **Four days of exhibition**,
- **300 exhibitors** and over **400 companies** represented,
- More than **8,500 qualified trade visitors** from public and private laboratories,
- **"Forums Experts"** led by specialists, on topics of current interest,
- **Special events** (EPST\* Center, Careers forum, Competitions...).

## A highly acclaimed exhibition!\*\*\*

### > On the exhibitor side

- **74%** were satisfied with the quality of visitors.
- **61%** with the quality of new contacts met.
- **81%** with the promotion of the exhibition.

### > On the visitor side

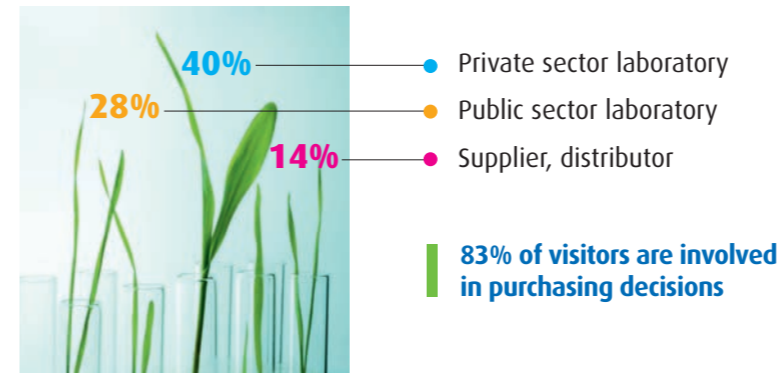

- **92%** felt the products and services showcased were representative of the market offer.
- **95%** were satisfied with their visit.
- **65%** of them intend to visit the next Forum LABO & BIOTECH in 2013.

\*EPST = French Public Scientific and Technical Research Establishments

\*\*Source: Forum Labo & Biotech 2010' exhibitor and visitor surveys conducted by the SESA Marketing consulting firm.

### Visitor Profile

### Main sectors of business

- 20%** • Base chemicals
- 15%** • Pharmacy - Cosmetics
- 15%** • Biology - Biochemistry
- 12%** • Biotechnology
- 10%** • Environment
- 7%** • Food Processing
- 6%** • Electronics - IT - Mechanical engineering
- 3%** • Biogenetics - Biopharmaceuticals - Biotechnologies

## Forums Experts

Led by specialists on topics such as:

- Biotechnology
- Environment, renewable energy
- Nanotechnologies
- Opportunities in the science field
- Laboratory optimization
- Food safety

Exhibitors will be invited to participate in these forums to strengthen the technical and practical aspects of the debates.

### Products exhibited

- Automation/Information technology
- Bacteriology/Microbiology
- Cell biology
- Chemical products
- Consumables
- Diagnostics
- Electrochemistry
- Laboratory equipment
- Microscopy/Imaging
- Molecular biology
- Physicochemical analysis
- Process analysis
- Pure water production
- Separation methods
- Spectroscopic methods
- Thermal analysis
- Weighing
